PROFESSIONAL PROFILE

A highly enthusiastic Junior Software Developer seeking a challenging, entry level role into the industry. Demonstrates a recent educational background in Software Development, with the completion of The Iron Yard. Applies clear direction, strong organization and the ability to communicate at all levels of business, as well as displaying a proven track record in driving process optimization and efficiency. Leverages innovative thinking in solving complex problems, excels both independently and within collaborative working environments and is recognized for an ability to lead success.

CORE COMPETENCIES

Java Technologies: Spring, Hibernate and Spark

SQL Databases: H2, Postgres

Functional Language: Clojure

Tools: GitHub

EDUCATION

The Iron Yard (Feb 2016 – Apr 2016)

Gained an in-depth understanding of Java and its surrounding technologies.

PROFESSIONAL EXPERIENCE

The Charleston Tea Plantation, Wadmalaw, SC (Mar 2015 - Jan 2016)

Flavor Expert

- Oversaw warehouse operations, managing individual customer and company orders, communicating specifications and ensuring completion of each individual project.
- Executed operational processes, flavoring, packaging and shipping all loose tin tea, as well as monitoring compliance with strict quality specifications.
- Developed, recommended and implemented process improvement procedures, driving advanced workflow and enhancing operational efficiency.
- Managed inventory levels for incoming and outgoing stock.
- Led teams in alignment with operational health and safety guidelines, as well as maintaining organization across the warehouse.

Fruit of the Loom, Summerville, SC (Feb 2012 – Oct 2013)

Forklift/Turret Operator

- Operated heavy machinery, including the use of Turrets and Forklifts.
- Developed stringent safety policies, monitoring implementation to promote a safe working environment.

Regal Entertainment Group, Summerville SC (Jun 2004 – Feb 2012)

Associate Manager

- Held responsibility for the oversight of human resources functions, leading recruitment, training and scheduling.

- Directed cross-functional employee teams, monitoring performance, identifying areas of potential improvement and resolving conflict and complaints.
- Accelerated the completion of a transition projection booth from a 35mm standard to a fully digital platform.
- Managed and maintained a proprietary database server.
- Collaborated directly with customers, driving satisfaction through the timely resolution of queries and issues.
- Oversaw inventory control, monitoring levels of concessions and communicating low stock as necessary.
- Balanced deposits on a nightly basis.
